Hi Cole,

Hope you are doing well. Spring 2021 (last semester) you had "Problem Solving and Programming I – CS 150" course with me. I recognized you as a hard-working student who performed well in my programming class. Currently I have a grant and would like to provide a one-year stipend opportunity for a student of mine.

If you are interested in the position, please reply to this email ASAP. I conduct an interview session with you and provide more details on the project.

Regards,

Dr. Poursardar

Dr. Poursardar,

I haven't seen a Zoom invitation yet. I was just checking to see if the offer was still good.

Best,

Cole

Dr. Poursardar,

Thank you again for keeping me in mind for the NASA position. It was good to talk to you again.

I am registered for 14 credits this coming semester.

Cole,

As I explained to you previously, there are some changes to the original plan. I will work with a group of students, not a single student. The project has been delayed due to under staff situation at the funding institution.

For sure, I pay for any student's effort on this project. We will work with some public libraries. Just wanted to update you. At this point you don't need to do anything yet. I'll be in touch again soon.
